## PROFESSIONAL SUMMARY

Motivated and detail-oriented Full-Stack Developer with hands-on experience building scalable and responsive applications using React.js, Next.js, Angular, Express.js, Django REST Framework, and FastAPI. Proficient in developing interactive UIs, secure REST APIs, and real-time features, with strong expertise in database optimization and component-driven architecture. Passionate about clean code, reusability, and delivering seamless user experiences. Open to challenging full-stack development roles where I can contribute technical expertise and drive product growth.

---

## TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, Angular v19, AngularJS, HTML5, CSS3, Tailwind CSS, Bootstrap 5
  - **Backend:** Express.js, Django REST Framework, FastAPI
  - **Programming Languages:** JavaScript (ES6+), TypeScript, Python, Java
  - **Databases:** MongoDB, MySQL, SQLite
  - **Tools & Platforms:** Git, GitHub, Postman, Firebase, Android Studio, VS Code
  - **Methodologies:** Agile (Scrum), REST API Integration, Component-Based Architecture
- 

## PROFESSIONAL EXPERIENCE

**Brilliantech Software Pvt Ltd** – Full-Stack Developer

July 2025 – Present | Pune, India

- Building scalable web applications using **React.js, Next.js, Express.js**, and REST APIs.
- Implemented authentication & role-based access control to improve application security.
- Designed reusable UI components and optimized frontend performance for better UX.
- Developed backend services with efficient database queries, reducing API latency.
- Collaborating in Agile teams to deliver production-ready applications on tight deadlines.

**Techonsy Software Pvt Ltd** – Full-Stack Developer

January 2025 – June 2025 | Pune, India

- Delivered full-stack applications using **React.js, Express.js, and Django REST Framework**.
  - Designed REST APIs and optimized queries in **MySQL & MongoDB** for faster performance.
  - Improved UX with reusable React components and advanced state management.
  - Contributed to [LinkCode Platform](#) – developed secure authentication, dashboards, and modular components.
- 

## PROJECTS

**Task Management System** – *React.js, Django REST, SQLite*

- Built a full-stack task tracker with **role-based access control** and secure login.
- Developed reusable React components, managed state efficiently, and validated forms.
- Integrated Django REST APIs with proper error handling and response management.

**Tiles Shop Web App** – *Angular, Express.js, MongoDB*

- Created a **dynamic product catalog** with filters and responsive UI.
- Built RESTful APIs and integrated them with MongoDB for real-time product management.

- Hosted live at: [sg-tiles.vercel.app](https://sg-tiles.vercel.app)

#### **Chatbot App (Gemini API) – React.js**

- Developed a **custom AI-powered chatbot** using **Gemini API**.
- Implemented conversational UI and state handling for smooth interactions.

#### **Recipe Finder App – Android (Java) + Gemini API**

- Built a mobile app to **search recipes using AI-powered suggestions**.
- Integrated Gemini API with Firebase authentication and modern UI design.

#### **Learning Management System (LMS) – Angular v19, TypeScript**

- Implemented **Zoom Meeting SDK integration** for embedded video sessions.
  - Developed dashboards, role-based modules, and optimized API rendering.
- 

### **EDUCATION**

#### **Master of Computer Applications (MCA)**

Suryadatta Institute of Business Management and Technology, Pune

Graduation: 2025 | CGPA: 8.25

### **CERTIFICATIONS**

- Django Web Framework – Meta (Coursera)
- Python Programming – Google (Coursera)
